

BOSTONAIR
LINE MAINTENANCE

AN OVERVIEW

From recruitment to line maintenance, our services to the aviation industry span a number of key areas:

- Contract, Permanent and Executive Search Recruitment
- CAA & EASA Part 147 approved aircraft technical training (Bostonair Technical Training)
- CAA/EASA/SHY Part 145 approved line maintenance services
- Auditing and Compliance
- Consulting

Bostonair has established infrastucture in the UK, USA, Europe and APAC region, with **11 operational sites**.

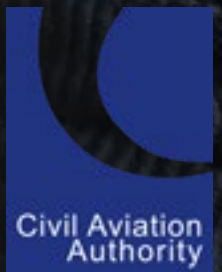

LINE MAINTENANCE

Bostonair provides ongoing line maintenance support for a number of European customers, as well as operators looking for line maintenance or on-call/AOG support.

Bostonair Ltd Line Maintenance holds Part 145 approvals (EASA/CAA & Turkish) to provide line maintenance services on several aircraft types in various locations under approval references EASA.UK.145.01200, CAA.UK.145.01200 AND SHY.145.TR.F.0076.

Bostonair gained our Part 145 approval in 2009 and since this time we have supported a range of blue chip customers including EAT/DHL, Aerologic, ASL Ireland, ASL Belguim, Eurowings, Condor, Wizzair, Sun Express and Ryanair.

TRAINED A NUMBER OF ENGINEERS
WORKING FOR DHL INCLUDING; A300-600,
A330, B757 AND B777 TYPES, TO UPSKILL
ENGINEER RESOURCE.

BOSTONAIR X *AeroLogic* | FRA

LINE MAINTENANCE

Bostonair were delighted to be awarded the contract to provide line maintenance support to AeroLogic's B777 freight operation in **Frankfurt (FRA)**

Up to 8 based aircraft.

We have both **office and storage facilities** on the northeast side of the airport.

We have a station manager **overseeing a team of experienced and licensed aircraft engineers** who provide Line Maintenance services to AeroLogic on a 365 24/7 operation.

The station has **tooling and ground support equipment to cover all planned scope of work events** and also unplanned maintenance that falls into the standard line maintenance category.

This station was set up during the onset of the Covid-19 pandemic in April 2020 and has performed excellently to date with very positive feedback given to us by our customer. **We are delighted to help contribute to the AeroLogic fleet regularly declared the most punctual Airline operator in the DHL Express fleet of airlines.**

We began supporting Freebird Airlines in LEJ in 2020 during the COVID-19 pandemic with 2 A320 tails- 1 op/1 standby operating passenger routes.

They have returned following seasons and post 2022 we continued into winter programme supporting them with 1 tail. We carry out defect rectification and scheduled line maintenance. We are also supporting Freebird in LNZ.

Began support in LEJ in April 2021 with 1 x A321F tail operating freighter network on behalf DHL. We now support 4 x tails in LEJ, and down route days stops in LNZ & BTS.

We carry out defect rectification and scheduled line maintenance.
